

TECH ANNOUNCEMENT
NEW TRAINING DIRECTOR
THE BEST IS YET TO COME!

BIO: Gary Stamberger

Gary has been working in the Automotive Repair Industry for over 35 years. Starting at an entry level he has gained experience in every aspect of the repair business.

In 1998, as an ASE / L1 Certified Technician, he began sharing his knowledge as a Diagnostic Technician and Instructor/Trainer. Working for Mechanic's Education Association in Maplewood, NJ, Gary assisted on their tech line which handled over 250 calls a day. He also assisted with their on-site Diagnostic Program. Gary began teaching classes in many areas of diagnostics, PCM / BCM, ABS, Climate Control and more. The training was both generic and specific, in reference to manufacturer, system, or component.

In 2004 he started his own company, Cross Creek Automotive Services (CCAS), a Diagnostics and Training business. Along with doing on-site Diagnostics for shops in Fort Wayne, IN, he also did training for SPX/OTC Tools and the Council of Advanced Automotive Trainers (CAAT) throughout the upper Midwest.

Currently he is Training Director for Car Sound Exhaust System, Inc. / Magnaflow Performance Exhaust. As Director, Gary will do most of the training as well as oversee all aspects of training internal and external.

Certifications:

ASE
